Letter from the Hon. Abraham M'Clellan, Sullivan County, East Tennessee, Member of Congress.

Washington, July 30, 1838.
Sir—Since I have been in this city, I have used a course of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Garden, of Campbell county, Tennessee, wrote me to send him some, which I did, and he had employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like as agent in Tennessee. I can give you a recommendation from Dr. A. Garden as a person to officiate for the sale of your celebrated medicine. Should you commission him, he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston, Tazewell, East Tenn. I have no doubt but if you had a general sale in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Blountville, Sullivan county East Tenn. I can get some of the merchants to act for you, as I live near there.

ABRAHAM M'CLELLAN, of Tenn.

To Dr. Wm. Evans, 100 Chatham St. N. Y.

ABRAHAM J. CREMER, residing at 60 Mott street, New York, was afflicted with Dyspepsia in its most aggravated form. The symptoms were violent headache, great debility, fever, costiveness, cough, heartburn, pain in the chest and stomach always after eating, impaired appetite, sensation of sinking in the stomach, furred tongue, nausea, with restlessness. These had continued upwards of twelve months, when consulting Dr. Wm. Evans, 100 Chatham street, and submitting to his over successful and agreeable mode of treatment, the patient was completely restored to health in the short space of one month, and grateful for the incalculable benefit derived, gladly came forward and volunteered the above statement.

Dr. Wm. Evans' Medical Office, 100 Chatham street, New York.

THE FOLLOWING CERTIFICATE was sent to us by Mr. Van Schick, of Albany, a highly respectable member of the community, and whose veracity cannot be doubted:

Mr. Septimus Kendall, of the town of Westerlo, county of Albany, was for about 27 years troubled with a nervous and bilious affection, which for 7 years rendered him unable to attend to his business, and during the last three years of his illness was confined to the house. His symptoms were dizziness, pain in the head, palpitation of the heart, went of appetite, and expending during his confinement hundreds of dollars without obtaining relief, he by accident procured a box of Dr. Wm. Evans' Pills, and made a trial of them. After a fortnight, he was able to get up, and he could attend to his business, and he was entirely cured. His information was given to Mr. Kendall himself, there being no deception.

Sold at the Office, 1 Chatham street, N. York.

DR. HUNT'S CELEBRATED PILLS, FOR CONSUMPTION, DYSPESIA, AND LIVER COMPLAINT, &c.

As the enjoyment of health depends on preserving the functions of the Stomach, Liver, Intestines and Lungs, in a healthy and vigorous state, through the operations of which the body receives its growth, its nutrition, its support, it can no longer be astonishing that when these viscera are deranged, and cannot perform their proper functions, the whole system suffers and becomes disordered. Knowing this to be a sound and demonstrated fact, in science and experience, Doctor HUNT'S SYSTEM OF PRACTICE is in faithful accordance with it. He aims to keep the Stomach, Lungs and the Liver, in vigorous and healthy action, as the three great fountains of health and life. For this purpose his pills are compounded of herbs, which strengthen and equalize the action of the heart, and give an impulse or strength to the arterial system, at the same time quicken the action of the absorbent and discharging vessels; and as all the secretions are drawn from the blood, any morbid action which may have taken place is removed, all obstructions are overcome, the blood is purified, and the body assumes a healthy state. These pills give tone to the stomach, increase the appetite, and eminently expel all acid or morbid matter through the excretory ducts in the passage of the bowels. In all cases of Consumption, Indigestion or Dyspepsia, Bilious Affections, or Liver Complaints, Heartburn, Sourness or Acidity in the Stomach, Tightness at the Chest, Loss of Appetite, Sick Head Ache, Pain in the Head, Back, Limbs and Side, Flatulency, Typhus and Scarlet Fever, Putrid Sore Throat, Fever and Ague, or Intermitting Fevers, Gout, Rheumatism, Lumbago, Sciatica, Spasmodic Affections, and the Douloureux, Convulsions of Children, Measles, Small Pox, Hooping Cough, Rickets, Teething, Worms, Female Obstructions, Chlorosis or Green Sickness, and Rejections of Food, and Costiveness, Colic, whether flatulent or bilious, follow the DIRECTIONS.

Dose.—Take from three to ten pills, till they operate, two or three times daily. The use of the pills must be persevered in till a cure is effected.

INTERESTING AND APPLICABLE TO THE AFFLICTED

WITH DISEASES OF THE STOMACH, OR NERVES:

Such as DYSPESIA, either Chronic or casual, under the worst symptoms of restlessness, Lowness of Spirits and General Emaciation; costiveness, whether of the Lungs or Liver; LIVER AFFECTIONS, JAUNDICE, both Bilious and Spasmodic; Costiveness; Worms of every variety; Rheumatism, whether Acute or chronic; together with GOUT, Sciatica, Pains in the Head, Back, Limbs, and Side, Typhus, Scarlet Fever, Putrid Sore Throat, FEVER and AGUE, Spasmodic Palpitation of the Heart and Arteries, Nervous Irritability, Nervous Weakness, Hysterical The Douloureux Cramps, Female Obstructions, Heartburn, Headache, Cough, the Common or humid, and the Dry or the Whooping; ASTHMA, Gravel and Dropsy.

The Blood has hitherto been considered by Empiricks and others, as the great regulator of the human system, and the devotedness of the adherents to that erroneous doctrine, that they content themselves with the simple possession of this fallacious opinion, without enquiring into the primary sources from whence Life, Health, and vigour emanate, and *cic versa*, pain, sickness, disease and death. Not so with DR. HUNT whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's reflection will convey any reasoning mind of the correctness of his views—that the stomach, liver and the associated organs are the primary and great regulators of health, and that the blood in very many instances is totally disconnected with the first and ennobling stages of disease, and that unless a medicine reaches the root of the disease, the superficial anodynes usually prescribed, serve but as foils to cover the ravages of deep-rooted maladies. Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing it, it is with a firm conviction of its being a radical cure in the various diseases already enumerated, even if applied in the most critical cases, but he does not pretend to ascribe to

These Pills may be taken with the most perfect safety. Their beneficial influence has often times revived from the bed of sickness, the pallid, dejected, and emaciated victim of disease, and sent him forth again into the world, a hale and active man.

PROSPECTUS OF THE Ohio Democrat AND DOVER ADVERTISER.

Assured that, in adopting the measure, we are but meeting the obvious wants of the community, the subscribers will offer to the approbation and support of their fellow citizens a weekly newspaper to be published in the town of Canal Dover, Ohio, bearing the name of the "Ohio Democrat and Dover Advertiser". Although the limits of a Prospectus do not admit of extended expositions and minute details in regard to this enterprise, somewhat of our principles and purposes will be properly demanded by the public, and as far as is fitting to the occasion, we proceed briefly to declare them.

The political columns of our paper will be founded, therefore, to expound the doctrines of a strict construction of the Federal Constitution, will advocate the principles of the present Administration, and will maintain the destinies of the Democratic Party in that political reform which has been so repeatedly indicated by the general suffrage.

As conductors of a public Journal whose object is the diffusion of light and knowledge, our columns will be open to full and free discussion on all matters that interest the Public.

We shall be equally gratified if we may be instrumental in rectifying the opinions of those who differ from us, or if, wrong ourselves, that our errors be corrected. We earnestly desire to establish an intercourse and frankness, in the liberal sense of the term. Not so independent, as it may be above patronage and reckless of consequences, not free as its conductors may publish what they please and withhold what they please—but so independent that it shall incense truth, and so free that it shall be accessible to the efforts of all who honestly seek the enlightenment of the public mind, and the common good of our common country.

A portion of the paper will be devoted to the improvement of Agriculture, and the lovers of Literature shall have spread before them many of the most interesting selections. Together with the most interesting portions of Foreign and Domestic news, we will give a weekly report of our Market Prices, and desire to make our paper profitable, to the whole community through which it may circulate.

Terms of Publication.—The "Democrat and Advertiser" will be published weekly at \$2.00 per annum, if not paid within six months, after the first number is published, and \$2.50 at the end of the year.

DR. WILLIAM EVANS' SMOOTHING SYRUP, FOR CHILDREN TEETHING.

PREPARED BY HIMSELF.

To Mothers and Nurses.

The passage of the teeth through the gums produces troublesome and dangerous symptoms, in the month and gums during this process. The gums swell, the secretion of the saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in sleep, and spasms of peculiar parts; the child jerks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. If mothers, who have their little babes afflicted with these distressing symptoms would apply Dr. William Evans' Smoothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady convulsions.

This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocuous, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children, for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease, by opening the pores and heals the gums thereby preventing Convulsions, Fevers, &c.

It is according to Act of Congress, Be particular that the label on the box expresses such. The genuine is vended by Agents only.

A severe case of Piles cured at 100 Chatham street.

Mr. Daniel Spinning of Shrewsbury, Eden Town, New Jersey, was severely afflicted with Piles for more than 20 years. Had recourse to medicines of almost every description, also the advice of several eminent Physicians, but never found the slightest relief from any source whatsoever; until he called on Dr. Evans, at 100 Chatham street, New York, and procured some medicine from him, from which he found immediate relief, and subsequently a perfect cure.

Extract of a letter of Jonas Snyder, Post Master, Kernville, Pa., to Dr. William Evans.

Among several cases, the following is found: An elderly lady, who had been 25 years so afflicted with nervous hypochondria, debility, &c. that for the last 3 years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. Wm. Evans' medicine according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health, which for the last ten years has not enjoyed.

Another recent test of the unrivalled virtue of Dr. Wm. Evans' Medicine.—DYSPESIA, TEN YEARS STANDING.

Mr. J. McKENZIE, 176 Stanton street, was afflicted with the above complaint for ten years, which incapacitated him at intervals, for the period of six years, in attending to his business, restored to perfect health under the salutary treatment of Dr. Wm. Evans.

The symptoms were.—A sense of distension and oppression after eating, distressing pain in the pit of the stomach, nausea, impaired appetite, giddiness, palpitation of the heart, great debility and emaciation, depression of spirits, disturbed rest, sometimes a bilious vomiting, and pain in the right side, an extreme degree of languor and faintness; any endeavor to pursue his business causing immediate exhaustion and weariness.

Mr. McKenzie is daily attending to his business, and none of the above symptoms have recurred since he used the medicine. He is now a strong and healthy man. He resorted to myrins of remedies, but they were all ineffectual. He is willing to give any information to the afflicted respecting the incalculable benefit rendered to him by the use of Dr. Wm. Evans' medicine.

The above Medicine can be procured of all Dr. Wm. Evans' authorized agents in the United States, and throughout the World.

Dr. Evans, in order to prevent the patrons of his Medicine being imposed upon by counterfeiters, has had the labels of all his medicines entered according to act of Congress. He requests them therefore, to be particular in seeing that the labels contain the following notice: "Entered according to act of Congress, by W. Evans, in the year 1839, in the Clerk's Office of the Southern District Court of New-York."
